

FINE LINE: Mental Health/Mental Illness

is an Interactive art exhibit at the Houston Health Museum during May and June 2016. This exhibit, created by San Antonio artist Michael Nye, features stark black and white photography of subjects, along with audio clips of these individuals discussing their personal stories of anxiety, depression, obsessive-compulsive disorder, post-traumatic stress disorder, addiction and other mental illnesses. The people are diverse; their struggles through life though, are similar. In simple and eloquent detail, they draw you closer by sharing their stories.

Special Exhibit Opening
